

www.tdvalliance.com

TDVAlliance is a group of hi tech companies committed to support the research, development, design, prototyping, adoption, testing, deployment and commercialization of TDVision's Technology, a completely new 3D multipurpose and multiplatform architecture.

TDVAlliance will allow the exchange of information, share improvements and results to create the synergy required to launch this revolutionary new technology.

By being a member of the TDVAlliance, and depending on your area of expertise, your company will be the first to collaborate in creating the infrastructure of what will become the massive adoption of TDVision's technology. It may become a subdivision of your company, and as a first time shooter, first to market, and a catalyst then all this is translated into potential business opportunities using TDVision as the cornerstone.
